

BCI Heavy Duty Epoxy

Product Description:-

BCI Heavy Duty Epoxy Coating is a 100% reactive, solvent-free, two component, high build, polyamine cured epoxy coating.

Design Benefits:

- Provides excellent wear under heavy traffic.
- Excellent resistance to a variety of chemicals.
- Hardens to semi-gloss finish.
- Easy to apply with standard equipment.

Key application areas:

Designed as a rust preventing coating for concrete and steel tanks and other surfaces subjected to chemical attack and/or wherever resistance to corrosion and abrasion is required. As a heavy-duty coating on steel exposed to abrasion.

BCI HD EC :

passes the requirements of BS 6920, Part 2014 1 and certified to be suitable for use in contact with potable water
